

Poster List

| | |
|----|--|
| 1 | Combined Aerobic and Resistance Exercise Improves Body Composition and Physical Function in Super-Aged Female Elderly (In-Gyu Kim, Gyeongsang National Univ.) |
| 2 | Exercise-Mimicking Effects of K-pop Dance on Body Composition and Muscular Strength in Young Female (Shengnan Li, Gyeongsang National Univ.) |
| 3 | Effects of Commuting Methods on the Physical Fitness in Middle School Students (EUN-JI HA, Gyeongsang National Univ.) |
| 4 | Effects Combined Aerobic and Resistance Exercise on the Improvement of Body Composition, Blood Variables and Physical Function in Middle-Aged Overweight Women: Implication of Exercise Frequency (Ki-Bo Kim, Gyeongsang National Univ.) |
| 5 | Effect of wireless rope skipping exercise on growth factors and physical fitness in elementary school students (LEE DONG JOO, JEJU Nationl Univ.) |
| 6 | Effects of Wearing Type of Shoes on Lower-Limb Muscle Fatigue and Ankle Stability in Young Female Workers (hyo-seon Lee, Gyeongsang National Univ.) |
| 7 | The Role of Exercise to Fight off the Infection (Kyung-Wan Baek, Gyeongsang National Univ.) |
| 8 | The study on activation of ERK1/2 and Akt/mTOR signaling pathway in the soleus according to time point of exercise before or after sciatic nerve injury (Kim, Ji Eun, Jeju national university) |
| 9 | Physical Education Classes Using New Sports Improve Participation and Physical Fitness of Female and Overweight High-School Students (Dong-Jin Lee, Gyeongsang National Univ.) |
| 10 | Effects of athletes pitching exercise on Interval velocity and over run in high school baseball players (Park Jeong-Min, Chungnam nationnal University) |
| 11 | Effects of Contrast training on Lower Segment Movements and Isokinetic Torque in Throwers (Park Jeong-Min, Chungnam nationnal University) |
| 12 | Effects of Neuromuscular training on lower segment movements and swing balance motions in high school baseball players (Park Jeong-Min, Chungnam nationnal University) |
| 13 | Effect of Pelvic Correction Exercise with Kinesio Taping Treatment on Trunk Isokinetic Muscle Function and Movement of Female Dancers who have Lumbar hypolordosis (JUNYOUL CHA, Howon univ.) |
| 14 | EMS-effect of isometric exercise on body composition and Biomarkers in elderly obese patients (min su kyung, Hanseo University) |
| 15 | Kinematic and Kinetic Analyses of Jump Inside Kick in Wushu Athletes (Hasung Lee, Hanseo University) |
| 16 | The Effects of Treadmill Gait Training with Obstacle Crossing on Temporal and Spatial Gait Parameters in Elderly Patients with Post Stroke Hemiplegia (Lee Ji Eun, Dankook University) |
| 17 | Comparison of Architecture of Vastus Lateralis Muscle, Isokinetic Muscular Strength and Skill-Related Fitness According to Sport-Specific Characteristics in Collegiate Athletes (Eum Young Bae, Dankook University) |
| 18 | The effect of college student's participation in sports club activities on self-efficacy and satisfaction with college life (Jaeyoung Park, Kyungil University) |
| 19 | To grasp the current state of school sports activation policies for health and physical activity promotion(focus on 7560+ exercise in Daegu city). (Jaeyoung Park, Kyungil University) |
| 20 | Descriptive Epidemiology of Injuries in Collegiate Men's Badminton: A Five-Year Follow-Up Prospective Study (YeongHun Jang, Kyung Hee University) |
| 21 | Changes Levels of Myokines after Aerobic Training and Resistance Training in Post- Menopausal Females with Obesity (LIM Seung-Taek, Kangwon National University) |
| 22 | Aerobic exercise inhibited neointimal formation and PCSK9 in atherosclerosis (Sang Ki Lee, Chungnam National University) |
| 23 | Voluntary and Involuntary Warm-up on Muscle Temperature and Athletic Performance (Seunghye Lee, Kyung Hee University) |
| 24 | Effect of the fine particulate matter during exercise on in vivo mitophagy and inflammation in mice lung tissue (BYUNGHUN SO, Inha University) |
| 25 | Assessment of in vivo mitohagy following treadmill exercise in the liver of mice. (Jinhan Park, Inha University) |
